### The Twiga Foundation, Inc.

The Twiga Foundation, Inc., founded in 2005, is a nonprofit corporation dedicated to inspiring, promoting and maintaining family-consciousness at home, in the workplace and in the community. As we focus on the workplace we find workplace flexibility to be a key component in addressing the mismatch between the workplace and family needs.

### The Sloan Center on Aging and Work at Boston College

The Sloan Center on Aging & Work at Boston College was founded in 2005. Working in partnership with workplace decision-makers, the Center promotes the quality of employment for the 21st century multi-generational workforce. The Center strives to put evidence into practice to improve employment experiences for both employers and employees. We place a particular emphasis on workplace flexibility that supports 21st century ways of getting work done and enhances employees' work experiences. Our multi-tiered strategy includes combining employer engaged research and academic rigor with innovative communications. We engage multi-disciplinary teams of researchers from around the world to forward three research streams – the US National Initiatives, the State Initiatives, and the Global Initiatives.

The Center on Aging & Work is grateful for the continued support of the Alfred P. Sloan Foundation.
